**A brilliant software for school & college management**

# VRIDDHI

## Software Feature:-

A Complete , integrated & online software to fulfill maximum requirements for all types of institutes & colleges.

A Network based solution **but** it can be installed on stand alone system for small institutes.

You can set parameters in software in order to change output reports as per user need.

**A brilliant software for school & college management**

## Software Feature:-

Customization of output reports & parameter based software functionality is the most powerful feature of software.

users can modify any of the standard report format supplied with the software as per his need and that too without help of our programmers or engineers.

Multilingual Library.

**A brilliant software for school & college management**

## **•Software Feature:-**

Reports can be viewed , printed or exported to common file format like Microsoft word, Excel, XML, HTML, access, TXT , RTF , lotus notes etc. and also can be transmitted via Email.

Use of web camera, barcode scanner to speed up circulation & to prepare ID card with barcode & member photo in library.

**A brilliant software for school & college management**

# VRIDDHI

## Software Feature:-

Keeps track of every transaction made on account of student & employee.

Provides different treatment for Financial Year & Academic Year.

**A brilliant software for school & college management**

# VRIDDHI

## Features added to "VRIDDHI" ----

- Online Live Update.
- Online Supports via Internet.
- Remote Desktop handling.
- Remote assistance.
- Instant service support.

**A brilliant software for school & college management**

# VRIDDHI

## Features added to "VRIDDHI"-----

- ❖ The modules available with the Vriddhi software are integrated.
- ❖ The institute can establish more than one cash counter or circulation terminals in library to minimize the rush hours.
- ❖ Admission & payroll module are integrated with library.

**A brilliant software for school & college management**

# VRIDDHI

## Features added to "VRIDDHI"-----

- ❖ The administrator can assign different rights & restriction for every users.
- ❖ The database is protected to avoid direct change in records of the software.
- ❖ Vriddhi even can be used on single standalone system as well as over a local network with entire functionality & module.

**A brilliant software for school & college management**

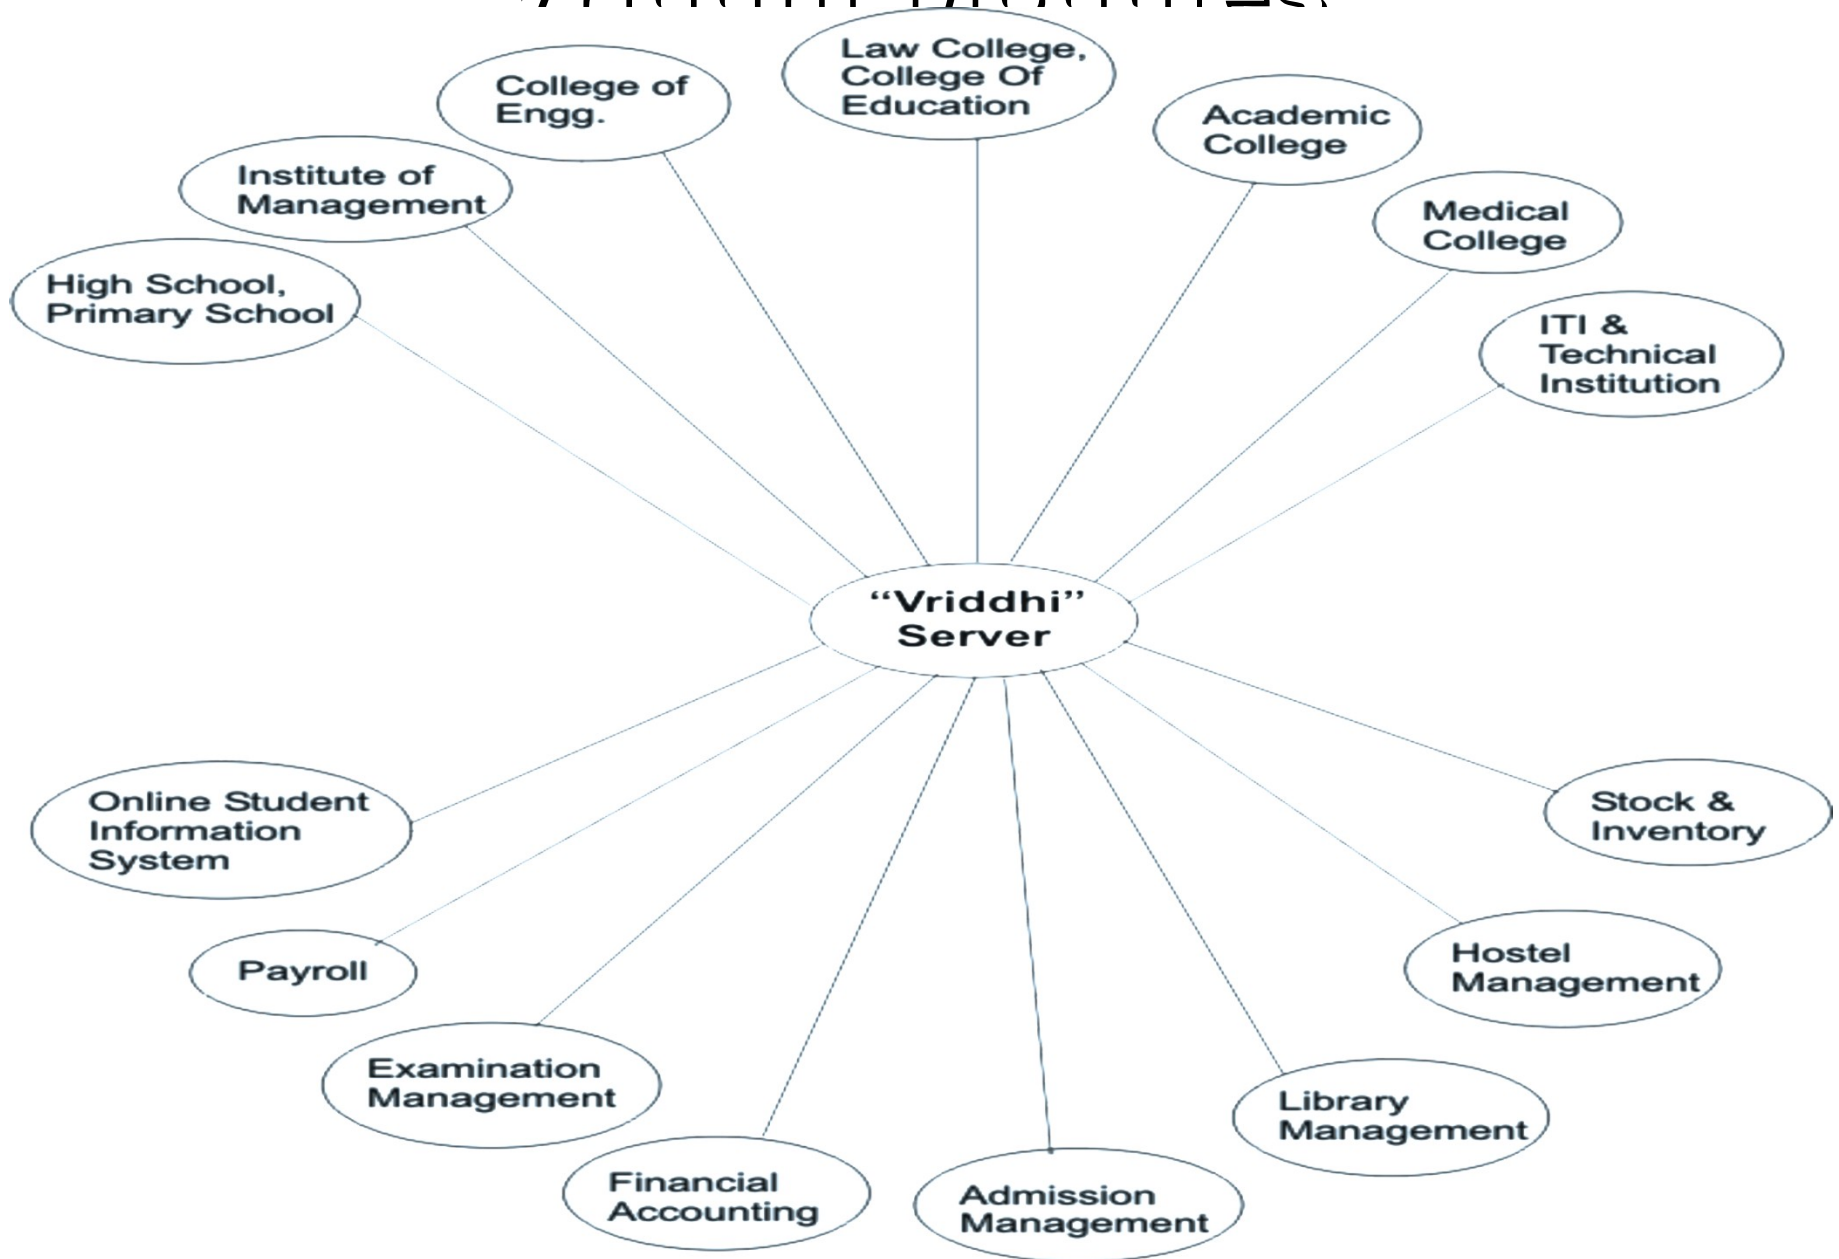

# VRIDDHI

User definable query based reports:-

- ❖ Each report can be obtained by user definable parameters combination. Based on combination of parameters user can generate desired output report in his own desired format.

**The One & Only Online Software Having User Definable Output**
